Part A: Pupil premium strategy plan

Statement of intent

Our ultimate aim is for disadvantaged pupils to make progress from their starting points and to be able to access a full and balanced curriculum.

Our desire is that all children will access the same high quality resources, including online and digital technology, and will have the same opportunities to expand their knowledge

Our plan works by providing funding to ensure that disadvantaged pupils can have access to the resources in school and where possible, outside of school. It also intends to support families who are struggling financially with key resources and core materials which will enable them to focus on learning. These resources may be food, clothing, equipment and access to extra-curricular activities.

There is additional impact this year from the cost of living crisis and the rise in children arriving from overseas with no recourse to public funds and in need of support to access the curriculum due to language and cultural challenges. Therefore the intent is to support this additional group through the pupil premium and recovery premium.

Although the Recovery Premium is not funded by the DfE any more, there is some carried forward from last year.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Lack of access to online resources for homework and online learning
2	Social and emotional barriers, low self-esteem and aspirations
3	Low attendance and persistent absence
4	Poor language skills and limited vocabulary
5	Limited access to good quality reading materials

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Children to have access to online resources within school time for homework etc.	Children will keep up with their peers in terms of scores, time accessing programmes, reinforcing key learning concepts, accessing core curriculum content
Children to have access to high quality teaching and learning through effective CPD for staff	Children will make progress from starting points due to being supported with effective strategies and the highest quality resource
Fund places on trips, after school clubs, Pastoral Support workers and interventions	Children will be supported to improve their aspirations and self-esteem in line with their peers
Fund Pastoral Support Worker and Attendance Officer to monitor and help families with attendance	There will be a marked decrease in the number of disadvantaged children who have <90% attendance, and there will be an increase in the overall attendance of disadvantaged pupils
Provide reading resources online and physically to ensure children can be reading for pleasure in and out of school	Children will enjoy reading and will make progress in line with national averages in reading
Provide access to Language Link interventions as well as other small group language interventions and improve general oracy skills	Children will be able to articulate clearly and confidently in a range of situations

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £50,000

Activity	Evidence that supports this approach	Challenge number(s) addressed

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2023-2024 academic year.

	All	Boys	Girls	SEN	PP	EAL	Non-SEN	Non-PP
Reading	59%	58%	59%	31%	47%	60%	68%	69%
Writing	55%	49%	60%	21%	42%	57%	66%	64%
Maths	60%	68%	54%	37%	49%	59%	68%	67%

All children in Nursery to Year 6 were tracked throughout the year to ensure they were provided with a range of support and interventions to support both their academic progress and their ability to obtain the most out of school life.

34% of PP families attended an after school extra-curricular club across the year.

20% of PP families utilised Breakfast or After School club across the year.

The exact number of PP families changed throughout the year due to high mobility.

32 children with <90% attendance at one point or another during the year were PP families.

All of these families were supported to improve attendance during the year.
